KEY SKILLS

JavaScript, TypeScript, NodeJS, C++, Java, Python

React, Redux, HTML5, CSS3, SASS, ExpressJS, GraphQL, Jest, Storybook, Material UI, SharePoint

npm, yarn, git, github, Swagger, Postman

MySQL, MongoDB

AWS (EC2, Lambda, S3, etc..)

CERTIFICATIONS

Udemy: AWS Solution architect associate

freeCodeCamp: Back End Development and APIs

Udemy: Advanced React for Enterprise

Udemy: Modern React with Redux

Udemy: Design Patterns in Modern C++

Udemy: MySQL

Udemy: Java In-Depth Complete Java Engineer

NPTEL: Programming, Data Structures and Algorithms using Python

HackerRank: Frontend Developer (React)

HackerRank: Problem Solving (Intermediate)

HackerRank: SQL (Intermediate)

HackerRank: CSS

HONORS & AWARDS

- Star performance award from FOCUSCRAFT Technologies

- Certificate of Appreciation from Puducherry Technological University for building the new college website

PROFILE

Enthusiastic web developer with 4+ years of hands-on expertise in React and Redux for web application development, testing and debugging. Having good knowledge and experience in MERN stack development. I am eager to take on a dynamic UI Developer or Full Stack Developer role to apply my expertise and drive innovation in digital projects.

Over these years I received a Star performance award from my previous company and Certificate of Appreciation from Puducherry Technological University for building the new college website. I believe I can make valuable contributions to the company as well as the team.

EDUCATION

| Master of Computer Application | 9.23 CGPA |
| PUDUCHERRY TECHNOLOGICAL UNIVERSITY | JULY 2019 - MAY 2022 |

| Bachelor of Computer Application | 7.56 CGPA |
| PRIST UNIVERSITY | OCTOBER 2016 - MAY 2019 |

EXPERIENCE

DELOITTE • JUNE 2025 - PRESENT
Chennai, Tamil Nadu, India — Software Developer

PDF Highlight: Implemented text highlight in pdf using react-pdf-highlighter.js, created a custom logic to search and highlight text in pdf using text. In case the text coordinates are not possible to generate. This custom logic archives 90% accuracy in highlighting the text.
Agile Collaboration: Actively participated in Agile/Scrum practices, including daily stand-up meetings and sprint planning. Cross-functional Teamwork: Collaborated with cross-functional teams, including designers and backend developers, to deliver responsive and user-friendly web applications.
Serverless Application: Worked on serverless application that makes use of AWS Api Gateway, Lambda as backend.
AWS: Integrated file download and upload into S3 functionality. Verified Lambda functions flow using the CloudWatch logs.

CONVERGEPOINT TECH PRIVATE LIMITED • JUNE 2024 - MAY 2025
Chennai, Tamil Nadu, India — Software Developer

SharePoint: Created reusable React components that manages the data available in SharePoint List and Library using PnPjs library and CAML query.
Code Review and Merge Responsibility: Took the responsibility for reviewing and merging the PRs created by other developers.

FOCUSCRAFT TECH PRIVATE LIMITED • JULY 2022 - MARCH 2024
Chennai, Tamil Nadu, India — Software Developer

Front-end Development: Translated UI designs (Figma/Zeplin) into responsive HTML/React components, adhering to a mobile-first approach for web applications.

NodeJs Development: Worked on GraphQL API based ExpressJS application that performs operations on the MongoDB database, like creating shopping carts, adding items and creating orders.

Component Reusability: Created reusable React components in Storybook for efficient development

Integration Expertise: Integrated backend microservices APIs into UI components, ensuring seamless end-to-end functionality

FOCUSCRAFT TECH PRIVATE LIMITED   • JULY 2021 - JUNE 2022

Chennai, Tamil Nadu, India   Internship

Developed proficiency in TypeScript with React and Redux by building a fully functional shopping cart application. Acquired expertise in writing comprehensive unit tests for React components and Redux slices using Jest
